The morning will focus on BIST Philosophy and how leaders must think to create a building that changes the lives of children who struggle with behavior. The afternoon will focus on the practices administrators must put in place to create success for their teachers in order for teachers to support students who struggle.

- BIST Philosophy
- Skill based thinking/Planning for students
- Increasing teacher ownership
- Leading a Vision Team
- Supporting teachers through the Outlasting process
- Creating bottom lines for teachers regarding the use of safe seats and buddy rooms
- Consultation and the best use of a BIST Consultant
- Communication with parents
- Data collection
