

Accountability: The Journey to Sustainable Transformation

July 31, 2023

Ozanam- Turner Conference Room
421 E 137th Street, Kansas City, MO 64145
Virtual Option Available
(choose your location during registration)

Instructor: Marty Huitt & the BIST Team

Course description:

This class will provide the opportunity to explore how critical accountability is in creating sustainable transformation for children. Participants will have the opportunity to develop a common definition for accountability while increasing their depth of understanding of how critical this concept is in creating change as well as the necessary components to guide children through this process. There will be time to identify the areas of needed growth both personally and for each participant's school community. Additionally, participants will have the opportunity to develop goals for the upcoming school year in order to increase the consistency of care for children in their community.

*1 Graduate credit is available through Baker University (separate registration)
